

# Brooklyn's Peace Petition

The war in Iraq is not just killing American soldiers and Iraqis, it is damaging our communities here in New York City. So far \$6.6 billion of our local taxpayers' money has been wasted on an illegal war and occupation of Iraq. This could have been used to fund health, education and affordable housing. And next year the budget will slash another 30% from federal community grants.

## Senators Clinton and Schumer:

It's time to stop supporting this terrible war and start representing the interests of New Yorkers. Every bomb dropped in Iraq explodes in our communities.

## We demand that you

- Stop voting to fund the Iraq war
- Demand an "exit strategy" from Iraq and rapid withdrawal of U.S. troops
- Work to restore and expand funds for jobs, education, affordable housing, and health care
